ABOUT VAB

VAB is a premium aluminum bottle brand by GREEN PACKAGING Co., Ltd, dedicated to serving B2B/OEM clients both in Vietnam and globally.

VAB – Vietnam Aluminum Bottle is dedicated to developing innovative aluminum packaging solutions for the food & beverage, aerosol, pharmaceutical, and personal care industries.

As a trusted B2B/OEM partner, VAB provides premium aluminum packaging solutions that enhance product protection, strengthen brand image, and offer flexible customization tailored to specific market requirements.

We focus on understanding our customers' needs, supporting product development, color matching, and customized aluminum packaging solutions, while maintaining strict quality control throughout the entire production process.

WHO DOES VAB SERVE?

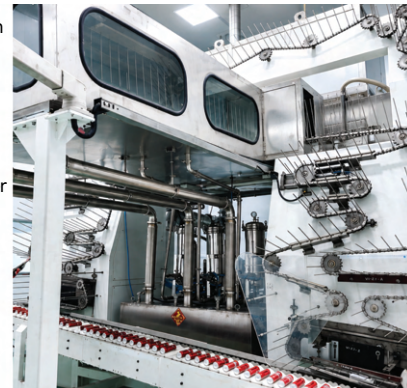

Businesses seeking B2B/OEM aluminum bottle solutions.

Brands requiring custom packaging designs.

Global partners looking for a reliable manufacturer in Vietnam.

VAB FOCUSES ON FOUR KEY INDUSTRIES

FOOD & BEVERAGE

Aluminum packaging solutions for beverages, edible oils, sauces, and condiments.

AEROSOL

Aluminum bottle solutions for personal care and aerosol applications.

PHARMACEUTICALS

Safe packaging for medical and high-purity products.

COSMETICS & CHEMICALS

Aluminum bottles for cosmetics, skincare, and specialty personal care products.

“

Protect Product Value.
Enhance Brand Identity.
Support Sustainable Growth.

”

CORE COMPETENCIES

VAB - VIETNAM ALUMINUM BOTTLE

VAB operates a modern manufacturing facility equipped with integrated production lines and a highly skilled technical team. Our comprehensive production system enables full control from raw materials to finished products, ensuring consistent quality and the flexibility required by B2B/OEM customers.

PRODUCTION CAPACITY

Modern lines with stable output, catering to both high-volume and customized orders.

RESEARCH & DEVELOPMENT (R&D)

Supporting new product development, design, prototyping, and customization of capacity, shape, surface finish, and packaging solutions.

TOTAL QUALITY MANAGEMENT

Strict quality control adhering to international standards, ensuring safety, stability, and full traceability.

PACKAGING & LOGISTICS

Standardized packaging meeting export regulations, ensuring on-time global delivery.

Modern facility

Professional team

Comprehensive quality control

SYNCHRONIZED PRODUCTION SYSTEM

CAPACITY: Approx.
3,000,000
aluminum bottles
/ month

CAPACITY:
10ml - 1.000ml
(or custom)

DIAMETER:
22mm - 88mm
(or custom)

HEIGHT:
60mm - 250mm
(or custom)

OUR VALUE PROPOSITION

Safe, sustainable, and eco-friendly packaging solutions

Preserving and fully protecting product value

Elevating the product's brand image

Long-term partnership with B2B/OEM clients

OUR 4 CORE ALUMINUM BOTTLE LINES

VAB focuses on developing 4 strategic aluminum bottle solutions, meeting the diverse needs of B2B/OEM clients across various industries and applications.

TAILORED SOLUTIONS FOR:

FOOD & BEVERAGE

Packaging for beverages, liquid foods, cooking oils, and products requiring flavor preservation.

AEROSOL

Aluminum bottle solutions for spray products, personal care, and specialized applications.

PHARMACEUTICALS

Packaging for pharmaceutical and healthcare products with high-control standards.

COSMETICS & CHEMICALS

Aluminum bottles for cosmetics, personal care, and brand-elevating packaging solutions.

FOOD-GRADE ALUMINUM BOTTLES

AEROSOL ALUMINUM BOTTLES

PHARMACEUTICAL ALUMINUM BOTTLES

COSMETIC ALUMINUM BOTTLES

FOOD-GRADE ALUMINUM BOTTLES

Preserving Flavor - Protecting Quality - Elevating Brand Image.

VAB provides specialized food-grade aluminum bottle solutions for beverages, coffee, juices, sauces, and cooking oils. Our aluminum bottles completely shield products from light and oxygen, fully preserving the flavor and quality within.

Featuring diverse custom designs tailored to client requirements, VAB partners with brands to elevate their image, optimize user experience, and drive sustainable development.

PRODUCT PROTECTION

Minimizes light and oxygen exposure, effectively preserving full product flavor.

PREMIUM PACKAGING

Enhances product value, creates a powerful impression, and reinforces brand identity.

100% RECYCLABLE

Aluminum is a 100% recyclable material, perfectly aligning with sustainable packaging goals.

CUSTOM DESIGN

A wide range of capacities and cap types with custom printing tailored to client needs.

BENEFITS FOR YOUR BRAND

- ✓ Fully preserving product flavor and quality
- ✓ Enhancing brand recognition and market differentiation
- ✓ Elevating end-user experience
- ✓ Meeting international export standards
- ✓ Demonstrating environmental commitment and sustainable growth
